

LAKE MBURO

2 Day Safari

Day One

Transfer to Lake Mbuo National Park

You will be picked up from your hotel in Entebbe, Kampala or Jinja for your 2 day Lake Mbuo safari and our tour guide will transfer you to western Uganda in Lake Mbuo National Park.

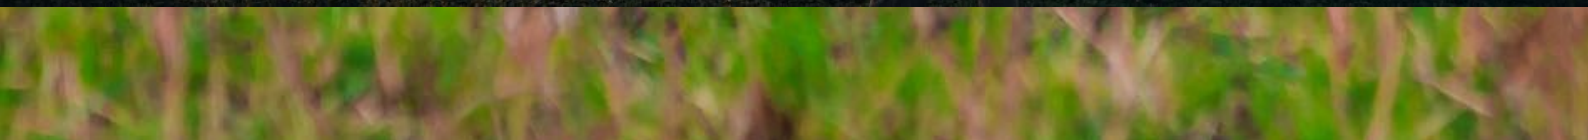

En route to the Park, you will have a stop over at Mpambire drum village and at the Equator at Kayabwe where water experiments will be done to prove to you that you are in both atmospheres (Southern and Northern Hemisphere).

Proceed and have a lunch stopover in Masaka town and then later drive towards the Park.

Upon entering the park, a game drive en route will be a rewarding activity which will enable you to encounter many of the parks' flora and fauna with most wildlife grazing side by side with the Ankole domestic Cattle.

You will then go for a 2 hour boat ride on Lake Mbuo in the evening which will get you quite close to Crocodiles and Hippos. Dinner and overnight stay at Eagles Nest or Rwakobo Rock on Full Board.

Day Two

Walking Safari and transfer back to Kampala

Early morning, you will checkout of your hotel, go for safari walk and search for early risers and all other animals that you missed out in the previous game drive.

After the Safari Walk, head out towards Kampala and have lunch in Masaka, before transfer back to Entebbe. You will reach Entebbe in the evening in time for dinner and overnight stay at your hotel.
